The following information was obtained through Dr. Jagar at the home of Mr. and Mrs. Jim Keating on the evening of November 30, 1978.

A communication was received allegedly from John Paul I. He said "Holy Son, no one is more important than anyone else where I am. I am no Pope here. I am one Son."

He further said the story of religion is full of many lessons of serious inhuman treatment through Sons of God. There is a wide spread loss of the teachings of Jesus through hypocrisy of priests." He categorically said "The history of the church, defiles." He went on to say "Release is necessary for quitting life on earth as long as anyone you may have wronged or injured in this or any past incarnation holds resentment against you."

At this point we asked him about the question of forgiveness and whether anyone in the room should extend his forgiveness to anyone else in any incarnation. He replied by saying "Spirit is always elevated with every sincere thought of forgiveness."

The next day, December 1, 1978, Dr. Jagar called JEF at the office saying she had clarification. She stated that John Paul I in a previous incarnation during the Hungarian Inquisition had instigated a consignment of torture to Jim Keating who was also present in that incarnation.

John Paul I further stated that Ruth, Mrs. Keating, was the worn out mother of Holy St. John of the Cross and that she had worked herself to death for her precious sons giving them the usual mothering foregoing to give them love's effective education.

Dr. Jagar also stated that she was a man at the time of St. John and Maria Teresa and she was a member of the Carmelite Order.
